

NEO PING PONG TABLE

Sean Woolsey designed the Neo Ping Pong Table as an expression of his continual pursuit of excellent craftsmanship, design evolution and innovation.

This latest, luxurious ping pong table from Woolsey Studio pays homage to the art deco period with strength of line and rhythmic, repetitive geometric shapes.

The Neo Ping Pong will provide the amateur or serious ping pong player decades of enjoyment on a stunning table with the finest in craftsmanship and beauty. Each table leg is miter wrapped with consistent grain, while showcasing a V groove detail throughout the leg.

The ping pong net is made of an ultra durable synthetic netting with edge detailing in leather, hand sewn in Costa Mesa. Turned posts with adjustment allow the user to tighten/loosen the net as needed. Thumb screws allow you to easily take on and off the net to allow the table to be used as dining table. Woolsey logo on center of net.

Available in white oak, black walnut or rock maple.

Finished in either our in house clear coat or blackened white oak + clear coat.

The steel base can be powder coated in any of our in house colors, or custom colors (extra fee).

The table comes with a wall rack, ping pong balls and 2 paddles. We also have a deluxe accessory kit for an extra fee which includes a larger rack, 4 paddles and bunch of balls.

Dimensions: 108" x 60" x 30" tall (Regulation table size)
