

OUTDOOR PONG SPRINGS

Outdoor Pong Springs, built to withstand the elements, yet not sacrifice one ounce of style while playing ping pong.

Celebrating our 10th anniversary in business we created an all-new ping pong table that is refined and in keeping with our extremely high standards of timeless and meticulously crafted design. The inspiration came from the relaxed vibes of Palm Springs mixed with its mid-century design aesthetic. Yes, it will look as stunning ten years from now as it does today.

The top is made of Formica Compact. Compact is entirely made out of paper, so it is very eco friendly, which we love. Formica® Compact has high strength, impact, water and humidity resistance and is more durable than other laminates thus reducing scratching and scuffs. This creates the perfect top and legs suitable for an outdoor table, with the same play as a normal table. We can use any of the Compact range, view them here. Please note that as of now, these tops do not come with a centerline.

Dimensions: 108" x 60" x 30" tall (Regulation table size)

Lead time is 7-9 weeks, unless a rush order is placed.

Designed and crafted in California.

The Outdoor Pong Springs Table comes with a cane net, 2 premium paddles, 3 three star balls and a waterproof cover to use when the table is not in use.
