

PONG SPRINGS

Celebrating our 10th anniversary in business we created an all-new ping pong table that is refined and in keeping with our extremely high standards of timeless and meticulously crafted design. The inspiration came from the relaxed vibes of Palm Springs mixed with its mid-century design aesthetic. Yes, it will look as stunning ten years from now as it does today. Good designs last throughout the years and get better with age.

The main playing surface is crafted out of hand-selected solid American Black Walnut.

The exterior is banded with a solid rock maple edge. No laminates, no veneers. it's all AAA grade solid hardwoods grown here in the U.S.A.

The table sits on a solid steel frame that is powder-coated to provide a fine finish that will last for years.

The net is crafted out of cane and aged brown leather, and allows for easy tightening adjustment as well as comes off in seconds to turn the table into a dining table/conference

table. As a dining/conference table, it easily seats 10 people.

We also have beautiful matching benches if you need seating.

Includes two custom-made walnut paddles with our Special 10-year anniversary logo, 3 star balls, and a wall-mounted rack to display the paddles and balls.

Wood Species: Black Walnut, Rock Maple or White Oak.

ITTF Regulation size of 108" x 60" x 30" T

10TH ANNIVERSARY
EDITION,
TRANSFORMING
FROM DINING TO
PING PONG IN
MINUTES

Our ping pong table comes stock with 2 paddles, 3 balls and a wall rack (shown above).

After many requests we also offer a Deluxe Accessory Kit for \$650 extra.

The Deluxe Accessory Kit (24" x 11") includes:

4 paddles, 7 balls, and a larger wall rack to house 4 paddles and 5 balls on the wall. People love to have the extra paddles and balls for doubles games, and balls always get lost or eaten by the dog.
