

SQUIGGLES SHUFFLEBOARD TABLE

My daughter, Ondine, and I were doodling together one day, and she did some squiggles on a piece of paper and said “Dad this would make a cool shuffleboard table.” Shortly thereafter we began working on the Squiggles Shuffleboard Table with Ondine’s creative direction.

The Squiggles Shuffleboard Table has apt storage in the 2 legs to house all your salt, pucks, and even your favorite alcohol that you don’t want to share. The legs were designed to ship separately, and mount quickly via provided bolts, that way you can navigate into any tight turns, stairways, etc. The bottom of the legs have levelers to perfectly level the table before play begins. Install is a breeze and done shortly with everything coming with your order. Like all our shuffleboards, this is entirely made in California. The plank is a rock maple top, with a UV resistant epoxy resin topcoat to last for years. Black walnut is meticulously inlaid as the lines and the numbers in the plank.

The gutters are lined with any of our gutter lining options. Climatic adjusters level out the plank should you need to. The base is solid steel, available in a multitude of powder

coat colors A split top walnut conversion table is also available as an add on. Shown in Patina Textre + Ivory Checker with White Oak.

The Bastion Shuffleboard features a solid rock maple top, with a UV resistant epoxy resin topcoat that is ready for years of puck sliding gameplay. Black walnut is meticulously inlaid as the lines and the numbers on the plank

Comes with a set of Woolsey professional black and white pucks, a wall rack (to hold the pucks), and plenty of salt.
