

WOOLSEY POOL TABLE

Good times are included with this stellar game table. The Woolsey Pool Table is made to be enjoyed and admired by amateurs and pros alike. Every aspect, design, and detail was chosen with performance in mind. And we never shy away from bodacious curb appeal.

Black or brass rail sights are embedded into the walnut for aligning shots; so even if you're not the best in the west, this table makes sure you look good anyway. Rails and legs are made of real premium grade American black walnut, and a solid steel structure support so you can truly lean into that shot. An elegant fine-combed black pro felt wrapped around solid Brazilian slate (3 pieces) makes for a classy game all around. Inset modern drop pockets with black leather are complemented by the hand blackened, black rail protectors and logo badge. Because the beauty of this piece truly is revealed in the details.

- 8' TABLE : 88" X 44"
- 8' TABLE : 100" X 50"

Leave Enough Room for the Cue!

ADD ON A WOOLSEY CUE WALL RACK

Every pool table needs a rack to store and display your cues, triangle, chalk and balls. We decided to make ours a beautiful cabinet that is as functional as it is beautiful, everything neatly organized and off the ground. This was designed to perfectly dovetail with our Pool Table.

The wall rack can be wall-mounted in minutes with the French cleat system and hardware included. The rack is made of an American black walnut (with maple splines), brass dowels, and the same felt (your choice of color) we use on our pool table.

Walnut door has a magnetic push latch and opens buttery smooth a full 180 degrees on brass door hinges

Finished with a natural, food-safe, hand-rubbed oil and wax finish.

Dimensions: 72" T x 24" W x 4" D

ADD ON A CONVERSION TOP

Want both pool and ping pong?

We've got you covered.

We offer a glass or wood conversion table top/ping top for the Woolsey Pool Table. The glass top (2 pieces) is tempered glass with a grey tint or can be clear. The conversion top installs easily in a matter of minutes. It is ping pong ITTF regulation size of 108" x 60". Each half is 54" x 60".

The conversion kit comes with a ping pong net, 3 balls, and 2 paddles. The glass sits on rubber riser blocks and a walnut X in the middle, and the net sleeves onto the glass top. Switch from playing pool to pong in just a few minutes.

SEAN WOOLSEY STUDIO

ADD ON A CONVERSION CADDY

Need a storage solution for your conversion table?

Dont worry, we came up with a sleek and mobile caddy to store your conversion top (either glass or wood), as well as the walnut X, your ping pong paddles and balls and walnut locking casters to make moving it around a breeze. Built out of the best prefinished walnut plywood.
