

## WOOLSEY DART CABINET

Our Woolsey Dart Cabinet is made of either white oak or maple, with shop sawn veneer doors. The outer ring on the doors is inlaid in a contrasting wood. We use Soss concealed hinges for the doors. Magnetic push latches open the doors, and keep them closed. The cabinet hangs via a french cleat (included). The left door holds 12 darts (darts included).

The cabinet comes with a pro Winmau Blade 6 dartboard (best on the market), and we use cork on the back surrounding area of the dartboard to soften tips that don't land on the board.

The right door is a black chalkboard for scoring, and includes chalk.

Darts is a perfect game to play as it is a simple set of rules, takes up little space, all ages can play, and a quick game to learn.

\* Dimensions: 26" W x 30 T x 5" D (doors closed)

\* Available in white oak or walnut.

\* Average lead time is 7-8 weeks.
